## INSULATED STAINLESS STEEL TOWEL WARMERS AW-SPA SERIES

### FEATURES AND BENEFITS:

- When used at recommended temperatures, this unit drastically reduces the risk of contamination from MRSA and other infectious viruses and bacteria.
- Warms and Holds standard or larger bath towels as well as other items needed to keep warm, safe, and dry
- (3) shelves per half size unit – (6) shelves per full size unit
- Warms a full load of towels in 4 hours or less
- No fans or blowers means quiet, noise-free operation
- Radiant heat for even temperature all the way to the center - not just the outer towels
- Compatible with standard 120V outlet.
- One cord powers both cabinets on full-size model.
- Stainless steel construction throughout.
- Insulated field reversible doors for flexibility. Standard with right hand hinging; left hand hinging available upon request.
- Heavy duty 5" swivel casters, two with brakes. Provides mobility when fully loaded.
